### Development and Regulation of Diagnostics

The DZIF Product Development Unit (PDU) would like to invite you to our Webinar **Development and Regulation of Diagnostics** on the **24<sup>th</sup> January 2024**.

#### Content of the webinar

Diagnostics – devices and tests for detection, diagnosis and monitoring of diseases are essential in clinical practice (and clinical studies). Whether it's an infectious disease or other serious health threats, the search for a solution starts with diagnostics.

This underlines the important role of diagnostics for the health care system.

To gain more insight in the development of diagnostics, this webinar focus on different topics:

- Regulatory Framework and responsibilities in Germany
- Preparation and execution of diagnostic tests
- Support options via FIND
- Case studies from academia and industry

#### Schedule

The webinar will be held on Wednesday, 24.01.2024 from 2:45 – 5:45 pm CET.

#### Registration

For **registration**, please send an e-mail to [OSRA@pei.de](mailto:OSRA@pei.de) including your **DZIF or CARB-X affiliation** not later than **17<sup>th</sup> January 2024**.
